### **DETAILED ACTION**

1. Receipt is acknowledged of the Remarks and amendments to the claims, filed November 21, 2005, kindly submitted by applicant. The Examiner wishes to thank Applicant for the time and courtesies extended in the interview on December 21, 2005.

#### ***Allowable Subject Matter***

2. Claims 1-22 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Claims 1-9 are allowed because none of the prior art of record teaches or discloses switching between a high-voltage bus and a low-voltage bus to supply power to a high-voltage load from only one of the high-voltage bus and the low-voltage bus, in combination with the remaining claimed features.

Claims 10-22 are allowed because, as explained by applicant in the response dated August 26, 2005, and stated in the Office Action dated September 21, 2005, claims 10 and 19 do not read on the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

#### ***Response to Amendment***

4. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

***Response to Arguments***

5. Applicant's arguments, see Remarks, filed November 21, 2005, with respect to the objections and rejections have been fully considered and are persuasive. The objections and rejections have been overcome and are respectfully withdrawn.
